

Senior Facility Availability

During the last week of May and first week of Jun I conducted a survey of executive directors for senior community facilities in Prescott and Prescott Valley. These numbers were gathered with in person talks with information volunteered by the directors. As such these numbers are not absolute but actual variance will be minimal.

Facilities providing info were: Alta Vista, AZ Pioneer Home, Granite Gate, Highgate, Las Fuentes, Margaret T. Morris, Touchmark, Ativo, Glassford PI and The Landings.

No response from: Good Samaritan and Haven of Prescott.

Assisted living had an occupancy of 352 out of 478 beds.

Memory care was 202 out of 287 beds.

Two facilities could take either case and was 103 out of 137.

The only need is for low income assisted living facilities. The two facilities: Evergreen Village and Viewpoint are full, combined beds are 264. Both have a 2-4 year wait to get in.
